Summary

Results-driven Software Developer with hands-on experience in designing, developing, testing, and deploying robust software solutions. Proficient in front-end development using React.js, and back-end development with Node.js. Experienced in working with Oracle PL/SQL for database management. Well-versed in the efficient development, testing, and deployment of user interfaces, backed by complex and strong server-side applications. Familiarity with Redis adds an extra layer to my skill set.

Skill Highlights

- Efficient UI Development
- Performance and scalability
- Front-end Development: React.js
- Back-end Development: Node.js
- API design
- Database Management: Oracle/PLSQL
- Process Optimization and Issue Resolution

Experience

Enginetech Infotech, Pune

Software Engineer - 06/2023 to Present

- **User Interface Development:**
 - Develop and maintain dynamic and responsive user interfaces using React.js.
 - Implement modern design principles to ensure a seamless user experience.
- **Backend API Development:**
 - Develop robust server-side applications using Node.js and Express.js.
 - Utilize Oracle PL/SQL for efficient database management and integration with the backend.
- **Caching Optimization:**
 - Implement caching mechanisms using Redis to enhance performance and response times.

ECTI, Pune

Web-Development Training cum Internship - 08/2022 to 04/2023

- Executed a robust Training cum Internship program, acquiring proficiency in Java, Spring Boot, and MySQL for back-end development.
- Spearheaded the successful completion of 15 impactful projects, demonstrating expertise in full-stack development, RESTful API integration, and database management using MySQL.

Education

- Diploma In Web Development: **Java Full-Stack WebApp Development – 2023**
ECTI, Pune Maharashtra, India.
- Bachelor of Engineering: **Electrical Engineering – 2022**
JSCOE-Pune University, Pune, Maharashtra, India.
